

OpenCSW Works : Upgrade Packages

Peter FELECAN

June 15, 2009

I plan to upgrade the following packages:

- autogen 5.9.8
- gcc 3.4.6
- gnucash 2.2.9

Unfortunately I'm stalled by the Gnome upgrade which is slow to come — the main reason for that slowness is the age of X-Windows provided by SUN on Solaris 8 and, probably 9.
